Skills & Behaviours

The **Skills & Behaviours** element of the apprenticeship is to be completed with support from a Trainer Assessor making periodic visits to the apprentice in the workplace. The Trainer Assessor will support and guide the apprentice to ensure that they are developing the skills and competency required in accordance with the apprenticeship standard. The apprentice will use the e-portfolio system called OneFile to build a portfolio of work throughout the development stage, which is a key component of End Point Assessment and demonstrates their occupational competency.

Examples of the Knowledge element of the course include:

- Health & Wellbeing
- Duty of care and candour, safeguarding, equality and diversity
- Person centred care, treatment and support
- Communication
- Personal, people and quality improvement
- Health, safety and security

English & Maths

English and maths will be naturally embedded within this apprenticeship, a summary of which as follows:

English

- Written assignments
- Reading articles
- Actively listening to others
- Communicating with a variety of individuals from a diverse range of backgrounds.

Maths

- Time management

Gateway

Once the apprentice has completed all the required elements of the apprenticeship and their manager and Trainer / Assessor agree that they are ready for the end point assessment, they will progress through the Gateway to undertake their End Point Assessment.

A completed portfolio of evidence is a compulsory End Point Assessment (EPA) gateway requirement that supports the Professional Discussion component.

End Point Assessment

The End Point Assessment must only start once the employer is satisfied that the apprentice is consistently working at or above the level set out in the occupational standard, that means they have achieved occupational competence.

End Point Assessment (EPA) normally takes 3 months to complete and consists of:

1. **Knowledge test** (multiple-choice questions)
2. **Observation of Practice** supported by Questions & Answers
3. **Professional discussion** (a structured discussion between independent assessor and apprentice)

The purpose of the professional discussion is to determine the extent to which the apprentice understands the requirements of his/her role as defined by the apprenticeship standard and to explore them through discussion.

The apprentice will achieve a grade of pass or fail for this component of the end-point assessment that will contribute towards the overall apprenticeship grading award.
